Mr Ken Feigner  
U.S. Environmental Protection Agency  
1200 Fifth Ave  
Seattle, Washington 98101-3188

This letter will inform you that, as the owner of the Kethdruin Waste Oil Plant, we have no intention of using this facility for a hazardous materials processing in the future.

This plant was built to process oil people waste oil and as a small re-refining plant so you can cancel the present permit.

Warren O. Dingham
